TERMINAL DISCLAIMER

Sir:

Rex Medical, L.P., assignee of the entire right, title and interest in and to the above referenced patent application by virtue of an assignment filed in connection with parent application serial no. 09/122,185 and recorded at Reel 011633, Frames 0701, hereby disclaims the term of any patent issued in this case which would otherwise extend past July 23, 2018, the expiration date of United States Patent No. 6,280,450, issued on August 28, 2001, and agrees that any patent granted on the present application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to the aforesaid United States Patent No. 6,280,450, this agreement to run with any patent granted on the present application and to be binding upon the grantee, its successors or assigns.

No disclaimer is made of any terminal part of any patent granted on the above identified application prior to the expiration date of the full statutory term of United States Patent No. 6,280,450, in the event that it later: expires for failure to pay a maintenance fee, is held unforceable, is found invalid, is statutorily disclosed in whole or terminally disclaimed under 37 C.F.R. §1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term except for the separation of legal title stated above.
